### COURSES

#### Database Management System

Iqra University | Jan 2020 to April 2020

#### Mobile Application Development (Native)

Iqra University | May 2020 to August 2020

#### Web and Mobile Hybrid App Development

SMIT | Sep 2020 to Dec 2020

#### Web and Mobile Design and Development

NAVTTTC | Sep 2021 to Dec 2021

#### Linux Essential E Certificate

Cisco Networking Acadmy |2020

### EDUCATION

#### BS Software Engineering

Iqra University | Jan 2016 to Dec 2020

#### Intermediate

Govt Degree Boys College | Jan 2015 to Dec 2016

### ACHIEVEMENT

I was a star performer and get second position JEESIRKAR SQA Competition and won an amazing price

### EXPERIENCE

#### Software Developer

ACCESS GROUP | Feb 2023 to Present

Architected and developed advanced Android applications, collaborating cross-functionally, integrating external data sources, unit-testing for reliability, and optimizing app performance.

#### Junior Software Engineer(Android)

LOVE FOR DATA | Jan 2022 to Feb 20

Responsibilities:

Developed Android apps in Kotlin and Java.

Collaborated on feature enhancements, bug fixes, and conducted code reviews.

Achievements:

Contributed to successful app launches.

Enhanced app performance.

Recognized for teamwork and problem-solving skills..

#### Web and App Developer

VMEDIA | May 2021 to Dec 2021

Customized WordPress websites with themes and plugins, optimizing for SEO and performance.

Collaborated effectively within project teams for high-quality web solutions.

Built cross-platform mobile apps using React Native, ensuring user-friendly experiences and issue resolution.

Sayed updated with industry trends for app development.

### PROJECTS

#### MCB Lite Mobile Wallet App(Android Native Java)

Spearheading a successful initiative to overhaul the MCB Lite Mobile Wallet App, addressing critical issues, enhancing performance, and elevating the user experience.

#### Fuel App (Android Native Kotlin) Byco

Designed an all-inclusive Android fuel app for seamless fuel management, including expense tracking and nearby station locator.

#### U Bank Digital App(Android Native Java)

Spearheaded a comprehensive overhaul of the U Bank Digital App, resulting in a 20% increase in daily active users and a 15% boost in user retention rate

#### Android Kotlin plugin for the AjmanOne SDK

Supports three different languages: Urdu, English, and Arabic, and offers various themes while utilizing RESTful API.

#### Test Application(Android Native Kotlin)

I have experience in developing test applications in both Android Native Kotlin and Cross-React Native, utilizing RESTful API integration.
